CraftSmart Craft Glue

Category General Craft Stationery School Supply Hardware

Dries clear, Non-staining, Acetone base, Fast setting time, Remains flexible after drying

Part No	Description	Size	APN	Inner	Outer
10060	Acetone Craft Glue	60ml	9317033100609	6	42
10125	Acetone Craft Glue	125ml	9317033101255	6	36
10250	Acetone Craft Glue	250ml	9317033102504	4	20
10500	Acetone Craft Glue	500ml	9317033105000	3	12
11000	Acetone Craft Glue	1 litre	9317033110004	1	8
15000	Acetone Craft Glue	5 litre	9317033006956	1	2

CraftSmart CRAFT GLUE is ideal for gluing paper, cardboard, wood, fabric, laces, trims, some plastics and glass. It is used extensively in the making of lampshades, millinery articles and furnishings, especially blinds. It dries crystal clear, is very quick setting, is flexible when dry, and tends not to string when pulled away.

CraftSmart Premium Bond

Category General Craft Stationery School Supply Hardware

Dries clear, Non-staining, Acetone base, Fast setting time, Super tough, Extra thickness

Part No	Description	Size	APN	Inner	Outer
100500	Premium Bond	50gm	9317033100500	1	26
90125WW	Premium Bond	125ml	9317033010403	6	36

CraftSmart PREMIUM BOND is ideal for a super tough, durable bond wherever a solvent-based glue is appropriate – on glass, fabrics, leather, wood and some plastics. It works well on grainy or rough textured surfaces. In blister pack, it is supplied with a fine, long nozzle to enable accurate dispensing into difficult locations.

CraftSmart Acid Free Craft Glue

Category Paper Crafts Stationery Artist Supply School Supply

High build cross-linked EVA, Non-yellowing, Clear drying, Very high sheer strength, pH Neutral

Part No	Description	Size	APN	Inner	Outer
70125	Acid Free Craft Glue	125ml	9317033701257	6	36

CraftSmart ACID FREE CRAFT GLUE is perfect for the long-term preservation of paper and cardboard. Developed specifically for the book binding, restoration and preservation trades. It is ideal for mounting photographs, decoupage and collage work. Will not turn paper brittle with age. Use sparingly; can be thinned down with water if necessary. The adhesive is pH Neutral (Acid Free) in wet or dry state.

MATERIAL SAFETY DATA SHEETS (MSDS) are available for each product in the CRAFTSMART range. Just visit www.chemquest.com.au to view and download the safe handling and precautions for use of each product.

CraftSmart Gem Bond

Category General Craft Costume Making

Dries clear, Non-staining, Water-resistance, Water wash-up

Part No	Description	Size	APN	Inner	Outer
00060	Gem Bond	60ml	9317033000602	6	42
01250	Gem Bond	125ml	9317033012506	6	36

CraftSmart GEM BOND is perfect for bonding beads, sequins, plastic stones and rhinestones to any fabric permanently. Just put a dab on the back of each "jewel" and press lightly into place. Dries clear; safe for children to use. If gemstone is removed, a glue residue will remain.

CraftSmart Off 'n On

Category General Craft Haberdashery Stationery Home Sewing

Cleans up in soapy water, Non-staining, Permanent, Acrylic base

Part No	Description	Size	APN	Inner	Outer
00160	Off N On	60ml	9317033001609	6	42
00125	Off N On	125ml	9317033001258	6	36

CraftSmart OFF 'N ON is great where a removable (but strong) bond is required. It can be used on many surfaces including wood, laminates, glass and plastics, but its major purpose is to adhere appliques and motifs to fabrics (a delicate panel that can be removed before the garment is washed or dry cleaned, then replaced just by pressing it back into position).

CraftSmart PVA Craft Glue

Category General Craft Hardware Stationery School Supply

Dries clear, Sandable, Water soluble, Child safe

Part No	Description	Size	APN	Inner	Outer
20060	PVA Craft Glue	60ml	9317033201283	6	42
20125	PVA Craft Glue	125ml	9317033201252	6	36
20250	PVA Craft Glue	250ml	9317033202501	4	20
20500	PVA Craft Glue	500ml	9317033205007	3	12
21000	PVA Craft Glue	1 litre	9317033210001	1	8
25000	PVA Craft Glue	5 litre	9317033250007	1	2
220000	PVA Craft Glue	20 litre	9317033005126	1	1

CraftSmart PVA CRAFT GLUE is a high solid-content glue used for bonding wood, and many other materials with a porous surface such as paper, fabric and leather. It has become the traditional wood glue and has great end-grain adhesion. It dries clear and can be sanded after drying. It can be painted over with oil-based and acrylic paints. It is ideal for gluing styrene or other plastics subject to corrosion by acetone-based adhesives.

MATERIAL SAFETY DATA SHEETS (MSDS) are available for each product in the CRAFTSMART range. Just visit www.chemquest.com.au to view and download the safe handling and precautions for use of each product.

CraftSmart Kids Washout Glue

Category General Craft Hardware Supermarket Stationery School Supply

Washes out after drying on clothes, Non-staining, Non-toxic, Child safe, Fast drying

Part No	Description	Size	APN	Inner	Outer
21125A	Kids Washout Glue	125ml	9317033179346	6	36
21250A	Kids Washout Glue	250ml	9317033179353	4	20

CraftSmart KIDS WASHOUT GLUE is high solids PVA glue suitable for children's crafts with paper, light wood and fabrics. It dries quickly, and best of all, it will simply wash out of smocks and clothes if spilled. A full toxicology report is available upon request establishing the safety of this product. Children love using the product and it is perfect for inclusion in art/craft packs and back-to-school promotions.

CraftSmart Tacky Craft Glue

Category General Craft Stationery Hardware School Supply

White milky appearance that dries clear, Slower drying allows for repositioning for some time, Stronger bond than PVA, Has water resistance, Remains flexible after drying

Part No	Description	Size	APN	Inner	Outer
30060	Tacky Craft Glue	60ml	9317033300603	6	42
30125	Tacky Craft Glue	125ml	9317033301259	6	36
30250	Tacky Craft Glue	250ml	9317033302508	4	20
30500	Tacky Craft Glue	500ml	9317033305004	3	12
31000	Tacky Craft Glue	1ltr	9317033010755	1	8
35000	Tacky Craft Glue	5ltr	9317033010595	1	2
320000	Tacky Craft Glue	20ltr	9317033005874	1	1

CraftSmart TACKY CRAFT GLUE is ideal for virtually all surfaces. Its major distinguishing feature is its greater strength. Its chemical construction, ethyl vinyl acetate, provides not only greater strength than traditional PVAs, but also some cross-linking features that give this glue high water resistance. It is heavier and thicker than other craft glues and deals better with difficult surfaces. Allow this glue to "tack-off" before bringing glued surfaces together and you will find the bond almost impossible to separate.

CraftSmart Fabric Stiffener

Category General Craft Home Sewing Home Decorating

Dries clear, Can be thinned with water, Remains flexible after drying, Provides a permanent stiffness

Part No	Description	Size	APN	Inner	Outer
40250	Fabric Stiffener	250ml	9317033402505	4	20
40500	Fabric Stiffener	500ml	9317033405001	3	12
41000	Fabric Stiffener	1ltr	9317033410005	1	8

CraftSmart FABRIC STIFFENER permanently stiffens all types of fabrics. When applied to fabric, and while still wet, it enables the user to mould the fabric to any shape desired. Once dry, the shape is retained permanently. It dries with a matt finish. Surface of the fabric can be painted after drying with an acrylic medium to achieve satin finish or high gloss finish. It is important to dilute the adhesive to achieve the degree of "stiffness" required.

MATERIAL SAFETY DATA SHEETS (MSDS) are available for each product in the CRAFTSMART range. Just visit www.chemquest.com.au to view and download the safe handling and precautions for use of each product.

CraftSmart Fray Stop

Category Home Sewing Haberdashery

Dries clear, Non-staining, Acetone base, Fast setting time, Remains flexible after drying, Safe for machine washing

Part No	Description	Size	APN	Inner	Outer
60060	Fray Stop	60ml	9317033600604	6	42
60125	Fray Stop	125ml	9317033601250	6	36

CraftSmart FRAY STOP is good for permanently stopping raw fabric edges from fraying. Ideal for use on hems and seams to prevent fraying instead of, or in conjunction with, machine over locking. It is also useful in difficult-to-get-at places, and where seam allowances are narrow or restricted. Dries very quickly. Remains completely flexible after drying. Won't crack. Can be machine-washed.

CraftSmart No More Pins

Category Home Sewing Haberdashery

Dries clear, Non-staining, Temporary hold only, Fast setting time, Remains flexible after drying, Washes or dry cleans out completely

Part No	Description	Size	APN	Inner	Outer
50060	No More Pins	60ml	9317033500607	6	42
50125	No More Pins	125ml	9317033501253	6	36

CraftSmart NO MORE PINS is designed to eliminate pinning work before sewing. It is a temporary adhesive and will hold pieces of fabric together providing a strong bond while those fabrics are sewn together. The adhesive will completely wash out (or dry clean out) without leaving any trace. It is perfect for hems and seams, for applique work, for aligning checks and plaids before sewing, for positioning zippers and so on. It dries very quickly.

CraftSmart You Can Wash It

Category Home Sewing Costume Manufacture Haberdashery

Dries clear, Acrylic base for strength, Fast setting time, Remains flexible after drying, Safe for hand washing

Part No	Description	Size	APN	Inner	Outer
80060	You Can Wash It	60ml	9317033800608	6	42
80125	You Can Wash It	125ml	9317033801254	6	36

CraftSmart YOU CAN WASH IT is best for bonding sequins, beads, gemstones, "wiggly" eyes and motifs to fabrics that need occasional washing. Machine wash on gentle cycle or, preferably, light hand washing will ensure that the glued item will remain fixed in place after the fabric has dried. You Can Wash It remains flexible after drying; is safe for children to use and can be cleaned up, while wet, with water and a damp sponge.

MATERIAL SAFETY DATA SHEETS (MSDS) are available for each product in the CRAFTSMART range. Just visit www.chemquest.com.au to view and download the safe handling and precautions for use of each product.

CraftSmart Fabric Glue

Category Home Sewing Care & Repair Haberdashery

Secures fabrics to other fabrics, Resists penetrating woven surfaces, Water resistant & washable, Permanent, Non-toxic

Part No	Description	Size	APN	Inner	Outer
40125	Fabric Glue	125ml	9317033007052	6	36

CraftSmart FABRIC GLUE makes it easy to attach fabric to other fabrics (or most other clean dry surfaces). Features include the following: dries clear, washable and water resistant, permanent bond. Its construction means that it will resist penetration into fabrics it's treated with.

CraftSmart Glaze Paste

Category General Craft Stationery Decoupage Arts School Supply

Child safe, Dries clear, Water clean up

Part No	Description	Size	APN	Inner	Outer
11250GP	Glaze Paste	250g	9300666314307	1	24

CraftSmart GLAZE PASTE is great for traditional decoupage projects as well as the best sealer prior to the application of CraftSmart LIQUID GLOSS. It is all that is needed to prime, paste and seal all paper surfaces. Dries clear with a satin finish. Can be varnished when dry to affect the degree of shine required.

CraftSmart Clean Up

Category Decoupage Arts Hardware Artist Supply

High strength, Industrial grade cleaner, Fast acting, Brush and equipment restorer, Surface cleaner

Part No	Description	Size	APN	Inner	Outer
11125CU	Clean Up Solvent	200ml	9317033111254	1	24

CraftSmart CLEAN UP is ideal for cleaning up spills and runs that occur when using CraftSmart LIQUID GLOSS and GLASS COAT epoxy systems. It will restore brushes and equipment. It is supplied with a childproof safety screw cap. It must be used with caution and in a well-ventilated area, since its components are flammable.

MATERIAL SAFETY DATA SHEETS (MSDS) are available for each product in the CRAFTSMART range. Just visit www.chemquest.com.au to view and download the safe handling and precautions for use of each product.

CraftSmart Stencil Tape

Category Hardware School Supply General Craft Artist Supply

Repositionable, Low-tack, Crepe construction enables masking of round and curved surfaces

Part No	Description	Size	APN	Inner	Outer
8000	Stencil Tape	20mtr	9317033392165	1	36

CraftSmart STENCIL TAPE is ideally suited to many craft applications. It is a low-tack, repositionable tape that can be removed from surfaces up to 14 days after application and will not leave any residue on the surface. This is particularly important if the tape has been applied to recently painted surfaces. Its crepe-paper construction allows the tape to be pleated around curved surfaces and complex shapes.

CraftSmart Spray Adhesive

Category General Craft Artist Supply Hardware Stationery

Colourless, Low odour, Contains no fluorocarbons, Fast drying

Part No	Description	Size	APN	Inner	Outer
90350	Spray Adhesive	350g	9317033904009	1	12

CraftSmart SPRAY ADHESIVE is a colourless, fast drying adhesive that can be used for bonding paper, cardboard, photographs, prints, cork, fabrics, felt, foil, rubber, some plastics, leather, some timber and many other materials. It can be used even on some styrene products (test first). CraftSmart spray adhesive is pH Neutral (Acid Free). It is widely used for mounting matt board in the framing industry. Applied to single surface only, it can be used as a temporary or repositioning adhesive.

CraftSmart Silicon Spray

Category Hardware Haberdashery General Craft

Colourless, Low odour, Contains no fluorocarbons, Technically advanced

Part No	Description	Size	APN	Inner	Outer
91350	Silicone Spray	300g	9317033913247	1	12

CraftSmart SILICON SPRAY is a technically advanced non-staining, non-oily dry lubricant. It adheres to metal, wood, rubber, many plastics and other surfaces to form a micro-thin film that prevents sticking. It reduces friction and wear, seals out moisture, resists the build up of oil, dust and dirt, and will not wash off. It assists the smooth running of drawers, zippers, hinges, tools and sporting equipment; in fact any surface where a lubricant will assist operation.

All of our adhesives are Australian made. CraftSmart is an Australian-owned company. Every product is fully tested before release onto the market.

MATERIAL SAFETY DATA SHEETS (MSDS) are available for each product in the CRAFTSMART range. Just visit www.chemquest.com.au to view and download the safe handling and precautions for use of each product.

CraftSmart Appliqué & Embroidery Positioning Spray

Category Patchwork & Quilting Haberdashery Home Sewing

Colourless, Low odour, Will not damage machine needle, Will not stain fabric or appliqué

Part No	Description	Size	APN	Inner	Outer
94350	Applique Spray	350g	9317033091204	1	12

CraftSmart APPLIQUE & EMBROIDERY POSITIONING SPRAY temporarily bonds appliqué, embroidery, motifs and laces to any fabric base. The non-permanent bond allows repositioning. The spray is colourless and acid free. The label provides comprehensive instructions for use.

CraftSmart Quilt Basting Spray

Category Patchwork & Quilting Haberdashery Home Sewing

Colourless, Low odour, Substitute for pinning & basting, Economical

Part No	Description	Size	APN	Inner	Outer
92350	Quilt Basting Spray	350g	9317033205724	1	12

CraftSmart QUILT BASTING SPRAY temporarily bonds fabric to cotton or polyester batting, pattern or template, or positions appliqué work. The non-permanent bond allows for repositioning. The spray is colourless, odourless and will not clog sewing machine needles.

CraftSmart Acid Free Paper Spray Glue

Category Scrapbooking & Memory Craft Stationery Artist Supply

Provides a permanent or temporary bond, Non-staining, Acid free

Part No	Description	Size	APN	Inner	Outer
PC90350	Paper Spray	350g	9317033007007	1	12

CraftSmart ACID FREE PAPER SPRAY GLUE is a colourless, fast drying adhesive that can be used for bonding paper, cardboard, photographs, prints and other paper products. It is pH Neutral (Acid Free). It is widely used for mounting matt board in the art and picture framing industry. Applied to single surface only, it can be used as a temporary or repositioning adhesive.

Were you aware that CraftSmart has a free call help line? For advice and assistance about any of our products, call 1800 100 189. This service operates from 8.30am – 5.00pm AEST.

MATERIAL SAFETY DATA SHEETS (MSDS) are available for each product in the CRAFTSMART range. Just visit www.chemquest.com.au to view and download the safe handling and precautions for use of each product.

CraftSmart Gloss Spray

Category Scrapbooking & Memory Craft Stationery Artist Supply

Provides a Gloss finish, Non-staining, Acid free

Part No	Description	Size	APN	Inner	Outer
90400G	Gloss Spray	400g	9317033010717	1	12

CraftSmart GLOSS SPRAY gives a clear and permanent protection for your drawing, artwork, prints, photographs is a colourless, fast drying spray. It is pH Neutral (Acid Free). Gives a glossy finish to dried flowers, art tissue, Paper Mache, cane ware. Prevents tarnishing and is non-yellowing

NOTE ALWAYS TEST FIRST BEFORE USE

CraftSmart Matt Spray

Category Scrapbooking & Memory Craft Stationery Artist Supply

Provides a Matt finish, Non-staining, Acid free

Part No	Description	Size	APN	Inner	Outer
90400M	Matt Spray	400g	9317033010724	1	12

CraftSmart MATT SPRAY gives a clear and permanent protection for your drawing, artwork, prints, photographs and scrapbook work is a colourless. Is a fast drying spray. This product is pH Neutral (Acid Free). Prevents tarnishing and is non-yellowing.

NOTE ALWAYS TEST FIRST BEFORE USE

CraftSmart Brushstrokes

Category General Craft Stationery School Supply Artist Supply

Impasto effect, Easy to use, Instant result, Child safe, Water clean-up

Part No	Description	Size	APN	Inner	Outer
11250BS	Brushstrokes	250ml	9317033005140	1	24

CraftSmart BRUSHSTROKES can give your favourite print the look and texture of a real oil painting. Using a broad brush, lightly coat the whole surface of the picture in random directions. Allow a few minutes for drying. Re-apply with a finer brush, "painting" the picture by following its lines and contours, just the way an artist would.

MATERIAL SAFETY DATA SHEETS (MSDS) are available for each product in the CRAFTSMART range. Just visit www.chemquest.com.au to view and download the safe handling and precautions for use of each product.

CraftSmart Paper Clear Gum

Category Scrapbooking & Memory Craft

Acid free, Re-positional, Clear, Odourless, Child safe, Contains biocide to enhance preservation qualities

Part No	Description	Size	APN	Inner	Outer
PC10060	Paper Gum	60ml	9317033006901	6	42
PC10125	Paper Gum	125ml	9317033006918	6	36
PC10250	Paper Gum	250ml	9317033006925	4	20

CraftSmart CLEAR GUM adheres paper to most surfaces, including metal, plastic, glass and ceramics. It is pH NEUTRAL (Acid Free) and will not yellow with age. The gum is almost odourless. It allows for repositioning of work for about 20 minutes after initial application. It is safe for children to use. Equipment cleans up in water and residue can be wiped away with cloth or paper towel. The gum can be applied with either a foam applicator, a brush or even with the tip of a finger.

CraftSmart Ultra Glue

Category Scrapbooking & Memory Craft

Super thick, Holds to vertical surfaces, High-build PVA, Acid free, Sets clear, Sandable, Child safe

Part No	Description	Size	APN	Inner	Outer
PC30250	Ultraglue	350g	9317033006949	6	24

CraftSmart ULTRAGLUE is a super-thick, clear drying, full-bodied PVA designed to hold most materials to difficult surfaces, particularly vertical surfaces where most glues simply won't hold items in place while drying takes place. It is ideal for collage art. Applies to the surface with a brush, roller or palette knife. Can be mixed with acrylic paints for impasto effects.

CraftSmart Clear-Tac Glue Dots

Category Scrapbooking & Memory Craft Stationery School Supplies

Instant bond, Non-staining, Super sticky, Acid free, Easy dispenser

Part No	Description	Size	APN	Inner	Outer
PC4000	Clear Tac Glue Dots	75pc	9317033006970	12	36

CraftSmart CLEAR-TAC GLUE DOTS are pressure sensitive double-sided adhesive dots with thousands of uses at home, in schools and offices. Their fine sheer (thinness) make them perfect for photograph mounting and they will have numerous uses in scrapbooking and memory crafts. They will adhere to plastic, glass, metal, vinyl, and almost any clean dry surface.

MATERIAL SAFETY DATA SHEETS (MSDS) are available for each product in the CRAFTSMART range. Just visit www.chemquest.com.au to view and download the safe handling and precautions for use of each product.

CraftSmart Liquid Gloss

Category Decoupage Arts Hardware Artist Supply School Supply

High shine, Heat resistant, Scratch resistant, Hard surface, Durable, Great fun to use, Alternative to traditional decoupage finish

Part No	Description	Size	APN	Inner	Outer
11250	Liquid Gloss	2x125ml	9317033912509	1	12
11500	Liquid Gloss	2x250ml	9317033187341	1	8
111000	Liquid Gloss	2 x 1ltr	9317033006987	1	4
115000	Liquid Gloss	2 x 5ltr	9317033116789	1	2

CraftSmart LIQUID GLOSS creates a perfectly clear glass-like finish equal to many coats of traditional polyurethane or varnish with a single application. Just mix and pour or brush onto the surface. Can be applied to wood, glass, terracotta, papier-mâché, tin, ceramic tiles; in fact almost all non-porous surfaces. Can also be used in plastic moulds to great effect. Liquid Gloss is a great home decorator product.

This product supports a range of related products, including CraftSmart Glaze Paste; CraftSmart Clean Up; CraftSmart Stencil Tape and the Micro Butane Torch.

CraftSmart Mosaic Adhesive

Category Mosaic Arts & Crafts Hardware

High resistance to moisture, Extra thickness, High bond strength

Part No	Description	Size	APN	Inner	Outer
M90060	Mosaic Adhesive	60ml	9317033975412	6	42
M90125	Mosaic Adhesive	125ml	9317033975429	6	36
M90250	Mosaic Adhesive	250ml	9317033975443	4	20

CraftSmart MOSAIC ADHESIVE is an EVA (similar in chemistry to CraftSmart TACKY CRAFT GLUE), but with much greater thickness (lower viscosity) to provide excellent adhesion on difficult surfaces. It has very great bonding once dried; and high water resistance, making it suitable for some external applications. It dries perfectly clear, making it most suitable for clear glass mosaic work. Trowel, spatula, brush or sponge can apply it. It is low odour and dries clear. Equipment cleans up in water.

CraftSmart Mosaic Cement

Category Mosaic Arts & Crafts Hardware

High resistance to moisture, Grainy cement-like quality, Bonds porous and rough surfaces

Part No	Description	Size	APN	Inner	Outer
M90200	Mosaic Cement	400g	9317033975436	6	24

CraftSmart MOSAIC CEMENT is designed to bond porous ceramic stones and mosaic tiles to difficult surfaces. It can be used externally or internally and has great water resistance when dry. It can be applied by trowel to vertical surfaces. Its extra thickness enables the cement to be used as a filler on uneven surfaces. Equipment cleans up in water.

CraftSmart Mosaic Grout Sealer

Category Mosaic Arts & Crafts Hardware

Waterproofs grout, Protects against staining, Water soluble whilst wet

Part No	Description	Size	APN	Inner	Outer
M90125S	Mosaic Sealer	125ml	9317033005645	6	36

CraftSmart MOSAIC GROUT SEALER is applied directly to grout lines with a small brush to assist water penetration and also to reduce the incidence of staining. One or two coats may be applied for best results.

Special Note: Once grout has been sealed with CraftSmart Mosaic Grout Sealer, surface is suitable for application, if desired, of CraftSmart Liquid Gloss.

MATERIAL SAFETY DATA SHEETS (MSDS) are available for each product in the CRAFTSMART range. Just visit www.chemquest.com.au to view and download the safe handling and precautions for use of each product.

GLASS COAT

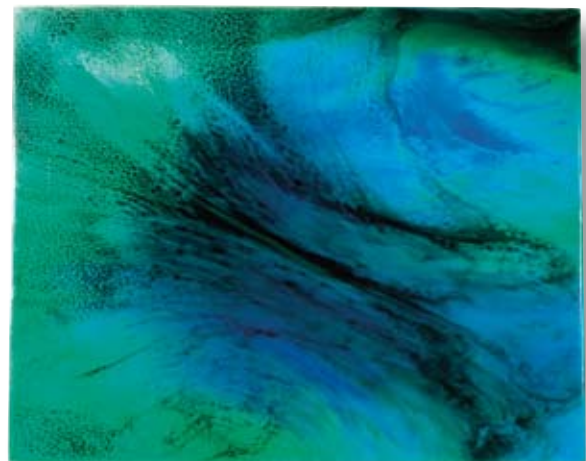

Please visit www.glasscoat.com.au

Glass Coat

Glass Coat provides a CLEAR POUR-ON GLASS-LIKE FINISH to wood, metal, ceramics, tiled and slate floors, terracotta – in fact almost any non-porous surface will achieve a stunning affect with the application of Glass Coat.

- The finished surface is heat-resistant and completely water-proof when cured
- The durable glass-like finish is equal to many coats of polyurethane or any traditional varnish
- Easy to apply
- Safe to use
- Virtually odourless (no resin smell at all)
- Comprehensive instructions in each kit, including stirrer
- Made in Australia by an all-Australian company

Thousands of uses, from car-dashboard restoration; clock-faces, decoupage crafts, trays, placemats, coasters, table and bench tops, floors and numerous other DIY, art and craft applications. Can also be used as an embedding and moulding medium.

MATERIAL SAFETY DATA SHEETS (MSDS) are available for each product in the GLASS COAT range.
Just visit www.chemquest.com.au to view and download the safe handling and precautions for use of each product.

Glass Coat Premium Timber Finish

Category Hardware

High shine, Heat resistant, Scratch resistant, hard surface, Durable, Alternative to varnish and polyurethane finishes

GLASS COAT PREMIUM TIMBER FINISH is a two part epoxy system providing a clear glass-like finish in a single application to surfaces such as wood, metal, tile, glass, plaster, cardboard and many other non-porous surfaces. It can be used as an embedding medium and can also be tinted with dyes and stains.

Glass Coat Timber Sealer

Category Hardware

Fast drying, Dries clear, Acrylic sealer and primer

Part No	Description	Size	APN	Inner	Outer
GC2003	Glass Coat Sealer	250ml	9317033005263	1	12
GC2004	Glass Coat Sealer	500ml	9317033005270	1	8

GLASS COAT TIMBER SEALER is a clear, fast-drying acrylic primer and sealer designed to seal raw or stained timber prior to the application of Glass Coat Premium Timber Finish.

Glass Coat Epoxy Cleaner

Category Hardware

High strength industrial grade cleaner, Fast acting, Brush and equipment restorer, Surface cleaner

Part No	Description	Size	APN	Inner	Outer
GC2005	Glass Coat Cleaner	250ml	9317033005584	1	12
GC2006	Glass Coat Cleaner	500ml	9317033005591	1	8

GLASS COAT EPOXY CLEANER is specially formulated to clean up spills, runs, drips and equipment after using Glass Coat Premium Timber Finish or other epoxy coatings. It must be used with caution in a well-ventilated area, since its components are highly flammable.

All of our adhesives are Australian made. CraftSmart is an Australian-owned company. Every product is fully tested before release onto the market.

Vise Contact Gel

Category Hardware

It will resist stringing as it is pulled away from the surface being glued. It remains flexible when dry.

Part No	Description	Size	APN	Inner	Outer
V10250	Vise Gel Adhesive	250ml	9317033006833	1	12
V10500	Vise Gel Adhesive	500ml	9317033005607	1	8
V11000	Vise Gel Adhesive	1ltr	9317033010243	1	6
V14000	Vise Gel Adhesive	4ltr	9317033010250	1	4

Vise Contact Gel is a flexible gel grade contact adhesive designed for bonding porous and non-porous surfaces together. It provides an instant strong bond when the two surfaces are brought together and is most suitable for bonding plastic laminates to particle board, plywood, masonite, laminated fabrics, wood veneers, rubber, leather, cork and carpets. Vise Contact Gel is designed for vertical surfaces or difficult substrates where an adhesive with a thicker consistency is needed.

Vise Foam Rubber Adhesive

Category Hardware

Strong bond on all the above surfaces. Water and heat resistant making it suitable for most wet area applications. It will resist stringing as it is pulled away from the surfaces being glued. It remains flexible when dry.

Part No	Description	Size	APN	Inner	Outer
V71250	Vise Foam Rubber Adhesive	250ml	9317033010182	1	12
V71500	Vise Foam Rubber Adhesive	500ml	9317033010199	1	8
V711000	Vise Foam Rubber Adhesive	1ltr	9317033010205	1	6
V714000	Vise Foam Rubber Adhesive	4ltr	9317033010212	1	4

Vise Foam Rubber Adhesive is an industrial strength opaque amber coloured liquid used for bonding rubber, leather, wood and other surfaces to foam rubber. Ideal for upholstery, furniture and sound-proofing applications. It is not suitable for use outdoors and is not recommended for polystyrene foam (use Vise Foam Fix) or PVC material.

Vise Contact Adhesive

Category Hardware

Strong bond on all the above surfaces. Water and heat resistant making it suitable for most wet area applications. It will resist stringing as it is pulled away from the surface being glued. It remains flexible when dry.

ViSE Supergrip Polyurethane

Category Hardware

100% Solvent free, Waterproof, Adheres to most substrates, High adhesive strength, Pale straw colour

Part No	Description	Size	APN	Inner	Outer
V90125	Vise Polyurethane	125g	9317033007496	1	12
V90250	Vise Polyurethane	250g	9317033007328	1	12
V90500	Vise Polyurethane	500g	9317033007335	1	12

ViSE SUPERGRIP POLYURETHANE is an all-new, single pack 100% waterproof polyurethane adhesive ideal for bonding timber and many other semi-porous surfaces. Refer to www.vise.com.au for comprehensive series of fact-sheets.

Vise Premium Bond

Category Hardware

Dries clear, Non-staining, Acetone base, Rapid drying, Super tough, Extra thickness.

Part No	Description	Size	APN	Inner	Outer
V10125	Premium Bond	125ml	9317033010649	1	12
V10250	Premium Bond	250ml	9317033006833	1	12
V10500	Premium Bond	500ml	9317033005607	1	12

Vise Premium Bond is ideal for a super tough, durable bond wherever a solvent-based glue is appropriate; on glass, fabrics, leather, wood, trims, furnishings, blinds and some plastics. It works well on grainy or rough textured surfaces. It dries crystal clear, remains flexible after drying and will not leave residual stains. Allow 20 minutes for adequate drying. Full curing will require 24 hours. This adhesive is unsuitable for polystyrene, polypropylene or polyethylene products.

The word "gloo" is written in a thick, bubbly font using four different colors of paint. The 'g' is blue, the first 'l' is orange, the 'o' is green, and the second 'o' is red. The letters are slightly irregular and have a glossy, 3D appearance. The card is placed on a light-colored grid background.

Gloo Clear Gum

Category General craft Stationery School supply

Dries Clear - does not yellow with age. Non-staining. Safe Non Toxic Glue.

Part No	Description	Size	APN	Inner	Outer
GLOO250GUM	Gloo Gum	250ml	9317033010007	1	12
GLOO1LGUM	Gloo Gum	1ltr	9317033010045	1	10
GLOO2LGUM	Gloo Gum	2 ltr	9317033010083	1	6
GLOO5LGUM	Gloo Gum	5 ltr	9317033010120	1	2

Gloo CLEAR GUM adheres paper to most surfaces, including metal, plastic, glass and ceramics. It is pH NEUTRAL (Acid Free) and will not yellow with age. The gum is almost odourless. It allows for repositioning of work for about 20 minutes after initial application. It is safe for children to use. Equipment cleans up in water and residue can be wiped away with cloth or paper towel. The gum can be applied with either a foam applicator, a brush or even with the tip of a finger. Retail: 250ml bottles include a build in brush under the lid. Also available is a pump to fit all sizes.

Gloo Project Paste

Category General craft Stationery School supply

Dries Clear, Non-staining, Safe Non Toxic Glue, idea for paper and cards

Part No	Description	Size	APN	Inner	Outer
GLOO250PAST	Gloo Paste	250ml	9317033010014	1	12
GLOO1LPAST	Gloo Paste	1 ltr	9317033010052	1	10
GLOO2LPAST	Gloo Paste	2 ltr	9317033010090	1	6
GLOO5LPAST	Gloo Paste	5 ltr	9317033010137	1	2

Gloo PROJECT PASTE is a Non-Toxic paste that is smooth and easy to apply with a brush applicator. Ideal for most paper cut and paste work, paper Mache, scrapbooking. Dries around 20 minutes.

Gloo PVA

Category General craft Stationery School supply

**Dries Clear. Non-staining. Safe Non Toxic Glue.
Ideal for paper, wood, cardboard, fabric and most non porous surfaces.**

Part No	Description	Size	APN	Inner	Outer
GLOO250PVA	Gloo PVA	250ml	9317033010021	1	12
GLOO1LPVA	Gloo PVA	1 ltr	9317033010069	1	10
GLOO2LPVA	Gloo PVA	2 ltr	9317033010106	1	6
GLOO5LPVA	Gloo PVA	5 ltr	9317033010144	1	2

Gloo PVA is a low solid-content glue used for bonding paper and card and many other materials with a porous surface such as paper, fabric and leather. It dries clear and can be sanded after drying. It can be painted over with oil-based and acrylic paints. It is ideal for gluing styrene.

MATERIAL SAFETY DATA SHEETS (MSDS) are available for each product in the GLOO range.

Gloo KIDS WASHOUT GLUE is high solids PVA glue suitable for children's crafts with paper, light wood and fabrics. It dries quickly, and best of all, it will simply wash out of smocks and clothes if spilled. A full toxicology report is available upon request establishing the safety of this product. Children love using the product and it is perfect for inclusion in art/craft packs and back-to-school promotions.

Gloo Ultra Glue

Category General craft Stationery School supply

Super Thick, Dries Clear, Holds fast to most difficult surfaces. Non-staining. Safe Non Toxic Glue.
Ideal for paper, styrene, wood, cardboard.

Part No	Description	Size	APN	Inner	Outer
PC31000	Gloo Ultra Glue	1 ltr	9317033010519	1	6

Gloo ULTRAGLUE is a super-thick, clear drying, full-bodied PVA designed to hold most materials to difficult surfaces, particularly vertical surfaces where most glues simply won't hold items in place while drying takes place. It is ideal for collage art. Applies to the surface with a brush, roller or palette knife. Can be mixed with acrylic paints for impasto effects.

Gloo Lotion Pump

Category General craft Stationery School supply

Fits 1, 2 & 5 litre bottles (cut to fit)

Part No	Description	Size	APN	Inner	Outer
LPH506	Gloo Lotion Pump	38mm 6pk	9317033010359	1	6

Gloo lotion pump white 6pk 38mm. The Gloo glue pump is designed to pump glue from our Gloo range of adhesive. Designed to fit in all bottle sizes. Please cut base to size of bottle.

MATERIAL SAFETY DATA SHEETS (MSDS) are available for each product in the GLOO range.

Stixit Spray Adhesive

Category General craft Costume making Stationery

Colourless, Low odour, Contains no fluorocarbons, Fast drying

Part No	Description	Size	APN	Inner	Outer
ST90350	Stixit Spray Adhesive	350g	9317033007557	12	12

Stixit SPRAY ADHESIVE is a colourless, fast drying adhesive that can be used for bonding paper, cardboard, photographs, prints, cork, fabrics, felt, foil, rubber, some plastics, leather, some timber and many other materials. It can be used even on some styrene products (test first). It is widely used for mounting matt board in the framing industry. Applied to single surface only, it can be used as a temporary or repositioning adhesive.

SOLD IN OUTERS ONLY.

Stixit Craft Glue

Category General craft Stationery School supply Hardware

Dries Clear, Non-staining, Acetone base, Fast setting time, Remains flexible after drying

Part No	Description	Size	APN	Inner	Outer
ST10060	Stixit Craft Glue Acetone	60ml	9317033007519	12	12
ST10125	Stixit Craft Glue Acetone	125ml	9317033009797	12	12
ST10250	Stixit Craft Glue Acetone	250ml	9317033007502	12	12
ST10500	Stixit Craft Glue Acetone	500ml	9317033008004	12	12

Stixit CRAFT GLUE is ideal for gluing paper, cardboard, wood, fabric, laces, trims, some plastics and glass. It is used extensively in applications where fast drying time is essential to the success of the project. It dries crystal clear, is very quick setting, is flexible when dry, and tends not to string when pulled away. It is the most sought after of the available range of craft and hobby glues.

SOLD IN OUTERS ONLY.

Stixit Tacky Craft Glue

Category General craft Stationery Artist supply School supply

High build cross-linked EVA, Non-yellowing, Clear drying, Very high sheer strength

Part No	Description	Size	APN	Inner	Outer
ST30125	Stixit Craft Glue Tacky	125ml	9317033007564	12	12

Stixit TACKY CRAFT GLUE is ideal for virtually all surfaces. Its major distinguishing feature is its greater strength. Its chemical construction, ethyl vinyl acetate, provides not only greater strength than traditional PVAs, but also some cross-linking features that give this glue high water resistance.

SOLD IN OUTERS ONLY.

MATERIAL SAFETY DATA SHEETS (MSDS) are available for each product in the STIXIT range. Just visit www.chemquest.com.au to view and download the safe handling and precautions for use of each product.

Keyring Pocket Blowtorch

Category Hardware Woodworking Hobbies

1300c Piezo electronic ignition system

Part No	Description	Size	APN	Inner	Outer
T2488	Keyring Pocket Blowtorch	1pc	742286022801	1	12

Iroda Turbo-Lites are our new elegant multi-purpose micro-torches/lighters. Designed for high style and function, Turbo-Lites are as useful as fully adjustable precision 1300°C (2400°F) torches as they are as reliable windproof lighters. Perfect as gifts or compact additions to the tool or emergency kit. Is great with our Glass coat or Liquid Gloss range helps reduce any air bubbles for smaller works other Applications include cigar, cigarette, pipe lighter. Heat shrink tubing and connectors. Small soldering jobs. Camping, candle lighter, outdoor grills. Survival kits and Hobbies.

Micro Jet Pocket Torch

Category Hardware Woodworking Hobbies

Instant 1300°C/2400°F Auto-Ignition, Pocket Size, Powered by Normal Cigarette Lighter

Part No	Description	Size	APN	Inner	Outer
T2490	Micro Jet Pocket Torch	1pc	742286933008	1	12

Multi-purpose micro-torches powered by a normal cigarette lighter available as MJ-300 or CPSC compliant MJ. Piezo Electronic Ignition system with safety locking switch (MJ-300). Powered by readily available disposable lighters. Flame temperature up to 1300°C(2400°F) Windproof flame and waterproof ignition make the MICRO-JET™ ideal for camping and outdoor use. Compact size allows the unit to fit easily into any first aid/survival kit or tool kit. Is great with our Glass coat or Liquid Gloss range helps reduce any air bubbles for Medium works. Is economical – original lighter can be refilled. A must for the chef in the kitchen.

Micro Pro Torch

Category Hardware Woodworking Hobbies

Butane Powered, Child Resistant Automatic Ignition System

Part No	Description	Size	APN	Inner	Outer
T2492	Micro Pro Torch	1pc	742286002001	1	4

The PT-200 Pro-Torch features an adjustable high BTU output flame. The body, constructed of hi-tech polymers provides a sturdy, yet lightweight feel. The internal brass and ceramic parts ensure precision operation and long life. Use this affordable tool in the shop, lab, kitchen, garage or wherever a reliable butane torch is required. Is great with our Glass coat or Liquid Gloss range helps reduce any air bubbles for larger works. Other Applications include Soldering, Chef's Torch, Plumbing, Automotive and Truck Repairs, Industrial Maintenance Electronic Repairs.

MATERIAL SAFETY DATA SHEETS (MSDS) are available for each product in the CRAFTSMART range. Just visit www.chemquest.com.au to view and download the safe handling and precautions for use of each product.

ABOUT CHEMQUEST

Chemquest is the website where all current safety data information sheets are held. Chemquest details are also listed on each bottle label for customer reference.

How to find safety data information sheets.

1. Log onto Chemquest at www.chemquest.com.au

2. Click onto MSDS on the left menu. This stands for Material Safety Data Sheets.

3. Under the download section there is the choice of clicking onto brand names, sales products or all MSDS. Click onto a heading and find the glue you are looking for.

4. Click on a type of glue to bring up the MSDS which lists all details including identification, descriptions and properties, hazards and precautions, ingredients, contact and links, plus a printable version.
